Hui Kaupapa - Theme: "Kotahitanga" (Working in Unity)

Introduction:

Recently a planning komiti meet and discussed possible programme content and structure. It was strongly felt this hui should focus on developing upon established progress rather than revisiting past korero. It appears that for many, well established working relationships have developed. In today's climate to determine a way forward, language such as collaborative relationships / integration / partnerships become heard.

For us, it became appropriate that "Kotahitanga" is the kaupapa and will provide the foundation for this years hui.

Note:

In two weeks time – a request for presentations will be made. If interested, consider now, how you could offer something new / innovative / beneficial to others of how your experiences of "Kotahitanga" within the mahi of Problem Gambling.
