

family time

Hey families! Here are some activities to do together to help you keep the conversation about Covenant Renewal going at home. We hope they help you have fun, share and talk about your faith together!

recap the story

1. As a family, recap the story of God speaking to Moses and then using him to free the Israelites. Use one of these ideas, or make up your own:

- > Watch 'Superbook Session 4' or 'What's in the Bible Vol 2: Let My People Go' on RightNow Media
- > Read it in a Storybook Bible: God Uses Moses to Free the Israelites | Exodus 2-4

2. Wonder about the story together:

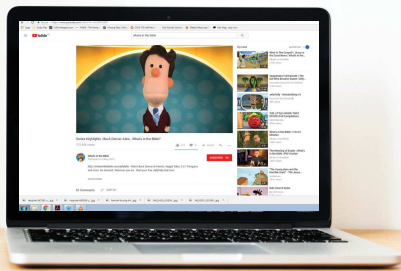

I wonder which part you like best? Which part is most important? I wonder where you are in the story?

make a plan

How will your family help the people you see this week?

1. Think about the people in your lives who need help, and specific ways your family can help them!
2. Make a BELLS plan as a family for this week:
B: Bless someone with a gift/help/kind words
E: Eat or drink with someone who needs help
L: Set aside some time for just listening to God
L: Learn more about Jesus by reading about Him
S: At the end of the week, share together as a family how you've helped the people you see.

craft/activity

As a family, pull out a big piece of paper and some arty, crafty materials, like felts, paper, magazines, stamps, scissors, glitter.

Work together to craft a beautiful poster that shows our bottom line, God's Got Me to Help the People I See. You could include drawings or photos of your family and the places and people you're planning to help! Hang it somewhere you will all see it everyday - (you might even like to frame it!)
