This Mother's Day, we invite you into an act of thankfulness, choosing to celebrate God's nature as referenced in Psalm 22: God who brings forth new life in us, in every season.

FOR THOSE YOU LOVE AND HAVE LEARNED FROM,
MAY GOD BLESS HER LEGACY, IN THE MANNER OF

Mary Magdalene,
Martha, Priscilla,
Junia, Abigail,
Elizabeth and
Huldah.

I was blessed with an incredible midwife.
She journeyed each stage of the life within me
She allowed me to question
She had my best interests at heart
She stayed with me during a long, intense labour
She encouraged me even when I felt I had nothing left to give
She ensured I had ongoing support
I was blessed with an incredible midwife.

I am blessed with an incredible midwife.
She journeys each stage of life with me
She allows me to question
She has my best interests at heart
She stays with me during the long, intense moments
She encourages me even when I feel I have nothing left to give
She ensures I have ongoing support
I am blessed with an incredible midwife.

'Yet you brought me out of the womb; you made me trust in you, even at my mother's breast.' - Psalm 22:9
