

We ask you to ...

Provide a safe environment for your volunteer

Communicate with either your volunteer or Senior Services Coordinator if you are unable to keep an arranged appointment

Treat your volunteer with respect

“The changes in people’s quality of life can be dramatic. There’s always a hope and a prayer when you put two people together — and when that relationship clicks, it can be absolutely life-changing for the client and often for the volunteer.”

**Volunteer Friendship
Support for the Elderly**

Life can become a struggle as we get older ...

Day-to-day activities can sometimes be an effort at any age, but it can start to become more difficult if you are elderly and isolated. Life can also get lonely, especially if you live alone or don't drive anymore.

You may miss spending time with friends or being part of a club or church—but The Salvation Army can help provide the opportunity for a friendly visitor to call for a chat or drop in for a cuppa. We can also help to address any issues that may be causing you concern.

The Senior Services Programme is a free service that arranges support to enhance the quality of life and social wellbeing of lonely and isolated older people living in our community.

The Salvation Army Senior Services is committed to ...

Recruiting and matching volunteers to provide friendship and support for elderly people in our community

Providing ongoing support for both clients and volunteers

Connecting clients who want spiritual guidance and pastoral care with Christian services

Advocating for clients with government, health and social agencies

Helping to find tradespeople to address home maintenance or repair issues where possible*

Providing better access to transport*

A volunteer can become a friend, visiting regularly to provide support and contact with the local community and wider world.

*Dependent upon availability of a volunteer and location of the client.
